

## Environmental Awareness

Our environment is one of the most important aspects to survive on this planet. Moreover, it is the only thing that can make life sustainable. Without it we can not survive even a single day. Therefore, it has become indispensable to create environmental awareness amongst the students.

To generate environmental awareness amongst the students our Sanskar Dnyanpeeth conducts many activities.

### 1. Tree Plantation Programme:

The school has conducted Adopt A Plant Campaign with the association of Rotary Club Khamgaon. In this campaign each student was given a sapling to grow. The development of the plant was noted periodically.

2. Cleanliness Drive: To create awareness about cleanliness amongst the students the school has conducted the cleanliness drive. Under this driver students and teachers of grade 6, 7 & 8 cleaned the locality surrounding the school.

3. Eco Club: Knowing the increasing importance of environmental awareness, the school has organised Eco club which comprises students' representatives and they shoulder the responsibility with great energy and zeal.

4. Competitions: The school organizes different competitions and quizzes to make the students aware about environment. The school has conducted Speech Competition on the topic- Conservation of Environment and the most important one is Water Audit in which students had prudential discussions on the topic How Can I save 1 liter water daily.
